## 1.0 PURPOSE

To ensure a fair and organized leave process while maintaining adequate staff to keep business running smoothly.

## 2.0 SCOPE AND APPLICABILITY

This guideline is applicable to all personnel employed by Idd El-Shargi Health, Safety & Environment Department, OH(I).

## 3.0 GUIDELINE

### 3.1 KEY PRINCIPLES

This guideline has been developed with the following key principles:

- i) **Transparency:** The leave process should be clear and communicated to everyone.
- ii) **Fairness:** Leave requests will be assessed and approved/rejected by department manager based on departmental needs and fairness to all team members.
- iii) **Coverage:** There should always be adequate staff to ensure smooth operations. The leave plan and approval will always be under the department manager pre-approval for all staff levels.
- iv) **Accountability:** Employees **shall** strictly follow the leave schedule and update it after approval of the department manager if there are any changes.

### 3.2 LEAVE PLANNING GUIDELINES

#### 3.2.1 Annual Leave Plan Submission

- Submit your leave plans using the form in Appendix C by no later than end of second week of December for the upcoming year.
- Include your preferred leave periods and at least one alternative period to ensure there is no overlapping with your delegates leave plan which was previously approved by the department manager.
- Leave requests will be considered in the order they are submitted.
- Employees are encouraged to submit their leave requests as early as possible to increase the likelihood of approval.
- Supervisors shall monitor staffing levels weekly to ensure that each Division maintains at least 65% staff capacity coverage.

#### 3.2.2 Previous Years Leave Period Consideration

- If multiple employees request leave for the same period, priority will be given to employees who did not take leave during that specific period in the previous year.
- This measure ensures fairness by providing opportunities to others who may not have been able to take leave during high-demand period/times in the past.

### 3.2.3 Exceptional Circumstances

- Each Division shall maintain open communication to address any staff concerns regarding workload distribution during leave periods.
- Critical roles must coordinate leave to avoid overlapping absences.

### 3.2.5 Peak Period Management

- During busy times (e.g., year-end reporting), leave may be restricted or granted only in exceptional cases.
- Employees will be informed of these periods in advance.

## 3.3 GUIDELINES FOR INDIVIDUALS

- Once approved, stick to the leave schedule.
- Changes to approved leave plans require at least two weeks' notice, except in emergency cases which will be reviewed and approved by department manager.

### 3.3.2 Cross-Training and Handovers

- Collaborate and support one another to maintain smooth operations.
- Ensure a proper handover of responsibilities before taking leave.
- Conduct cross-training within teams to ensure continuity of critical tasks.

### 3.3.3 Responsibility for Coverage

- Ensure your duties are managed during your absence, either by delegating to a peer or notifying the manager.
